I. Purpose

The purpose of this policy is to clarify with officers and the public the victim services that are available to juveniles as victims of crime.

II. Policy

It is the policy of the UW-Whitewater Police Department (UWWPD) to respond to all victims of crimes with empathy. Staff at UWWPD function as a community and value-based police department and will strive to serve all victims as best they can.

III. Procedure

A. Dealing with Juveniles as Victims of a Crime

1. Officers will deal with Juvenile victims with the same empathy as any crime victim. Officers will be aware of the fact that juvenile victims may require the assistance of a parent or legal guardian prior to the interview. Officers will also follow GO 44.2.3- Custodial Interrogation of Juveniles.
2. Officers should try to minimize the trauma of any sensitive crimes by limiting the number of times a victim will be interviewed by coordinating the full interview with all law enforcement and social service agencies involved in the investigation.
3. Juveniles may also be interviewed at Treehouse Child and Family Center in Walworth County.
4. At the end of the initial contact, all juveniles will be provided a Crime Victim Information Form that includes the date, officer's name, Incident Number and Offender's Name. This form has contact information for UWWPD, Wisconsin Department of Justice's Office of Crime Victim Services, Victim Information and Notification Everyday (VINE) and county contacts for the Sheriff's Office, Human Service and District Attorney's Office.
