MANAGE

Customize Your DOR Forms, Categories and Questions

It is easy to customize DOR's to meet your requirements. Our Form Wizard allows you to create Categories, Questions, and select a Point System to help measure your trainee's performance. You can view graphs that break down their progress from a total score down to each individual question.

- Manage Trainee and CTO access to DOR module
- Pre-loaded APCO Standard DOR or create your own
- Select scoring option of (1-5) or (1-7) points
- Optional electronic signature verification
- Optional supervisor approval signature
- N.O. (Not Observed) and N.R.T. (Not Responding to Training) built into scoring

EVALUATE

Quick, Easy and Accurate Solution

Spend less time setting up the evaluation and more time analyzing the results. Simply select your DOR form, choose your trainee and you are ready to go!

You have the option to require evaluator and trainee's signature's on your completed DOR's for tracking and accountability.

Access the DOR's from any device!

Optional 3rd signature line for further review of reports by management.

REPORT / ANALYZE

Let the Results Work for You!

Now that the DOR's are complete and stored nicely within the Reports tab, take full advantage of your data and truly analyze the results.

With real-time dashboards and reports, you can easily identify trends, positive qualities, and areas for improvement, which allows you to monitor progress and provide additional training.

- Employee dashboard displays DOR history
- Track Training Progress Through Easy to Interpret Graphs
- Report by Trainee Overall Scores
- Report by Category Breakdown
- Report by Individual Question
- Advanced Reporting to Slice-N-Dice Data
- Report by N.R.T. Flags

Collect all questions scored with N.R.T.
Great to identify trends and patterns
